HOW DOES IT WORK?

“Freshman Year for Free” helps make college more accessible and affordable for high school students, college students and adult learners, including active duty military personnel, their families, and veterans. Modern States, the philanthropy behind “Freshman Year for Free”, created high-quality, free online courses taught by real college professors. These freshman-level courses prepare students for College Level Examination Program (CLEP) exams in many subjects. There are no prerequisites for the 30+ self-paced courses available 24/7.

COURSE OFFERINGS

Freshman Year for Free offers first-year college classes, including but not limited to: **College Composition, Spanish, Analyzing and Interpreting Literature, Introductory Psychology, Introductory Sociology, U.S. History, American Government, Calculus, Precalculus College Algebra, Biology, Chemistry, and Information Systems.**

HOW DOES THIS LEAD TO COLLEGE CREDIT?

The CLEP exams, administered by the College Board, are accepted for credit by more than 2,900 U.S. colleges and universities. Use Google to determine if a college you’re interested in accepts CLEP for credit. Simply Google “CLEP” and “Name of University” to get the answer.
